

JERSEYDALE 2020 PROJECT AREA

Project History: In collaboration with equestrians and mountain bikers, several impacted trails of high interest for their recreational attributes in the Jerseydale area were identified, and subsequently targeted for restoration. Mariposa Trails organized the effort and applied for grant funds for tools, PPE and other necessary materials for a volunteer crew of local citizens to rehab the trails in 2020.

Trails: The project area includes 10 miles of trails used for hiking, equestrians, mountain bikes and off-highway vehicles.

Distance: Total trail mileage in the project area is over 10 miles.

Key Features and Amenities: Proximity to Jerseydale Ranger Station and Campground with equestrian facilities

Status: Pending Grant Award
