

### **Trail-Tending Attendance Thresholds:**

You must be in good health to attend;

All volunteers must pass the self-assessment (see below);

All volunteers must maintain a social distance of at least 6-feet between others;

Carpooling in large vehicles will be allowed if: (1) face-masks are worn; (2) windows are down to provide fresh air; and, (3) hand sanitizer and disinfectant wipes are used.

No more than 10 people will attend the trail-tending outing;

Maintain a separation of at least 25-feet when hiking to work site;

Two-person teams will be formed, with teams separated from each other by at least 50-feet;

Sharing of tools will be allowed, but the handles must be cleaned with disinfectant wipes;

Anyone showing signs of sickness must immediately separate themselves from the outing;

Must not share water bottles or other food/beverage items.

### **Self Assessment**

1. In the last 14 days, have you had a fever greater than 100.4, shortness of breath, body-aches or coughing (not attributable to allergies) or been diagnosed with COVID-19 (presumptive or positive test)? If so, you cannot join the crew until cleared by a medical professional or you meet CDC guidance on "Discontinuation of Isolation."

2. In the last 14 days, have you had close contact with someone who may have COVID-19? This includes anyone with a positive COVID-19 test or who has COVID-19 symptoms (fever greater than 100.4, shortness of breath, body-aches or coughing (not attributable to allergies)). If so, you cannot join the crew until cleared by a medical provider or until 14 days after the last date of exposure. If you develop symptoms, see #1.

3. In the last 14 days, have you assisted in the care of an individual (outside your household) who is not well? If so, you cannot join the crew until cleared by a medical provider or until 14 days after date of exposure. If you develop symptoms, see #1.

4. In the last 14 days, have you returned from another country or high-risk area? If so, you cannot join the crew until cleared by a medical provider or until 14 days after return. If you develop symptoms, see #1.
